Analysis
Population Growth Rate: 78.0%
Population Density: 2282.5
Area Suitability: Overcrowded
Literacy Score: 56.0
Schools Needed: 4
Hospitals Needed: 0 hospital(s) (current: 0)
Infrastructure Score: 0.0
Sustainability Index: No
Community Score: 0
Healthcare Score: 0
Healthcare Access Rating: poor
Post Office Availability: No
Petrol Bunks Accessibility: 0 bunk(s)

Recommendations
Infrastructure: Pave roads, Supply electricity for 12+ hours, Ensure water pipeline connectivity to all homes, Add street lighting, Consider developing a lake, Build a temple for cultural significance
Education: Build schools, Improve literacy programs
Healthcare: Improve healthcare facilities like medicine stores, Build a hospital

Sustainability: Adopt renewable energy strategies, Increase green cover to 20%, Implement daily waste management
Community: Build parks, Build playgrounds
Economic Growth: Establish a local market, Establish banks/ATMs, Set up petrol bunks for economic activity
Transportation: Establish public transport like bus bay and buses
Connectivity: Improve mobile network connectivity by installing cell towers, Establish a post office
Sanitation: Ensure daily sanitation using sanitation vehicles
Healthcare Facilities: Improve healthcare facilities by building hospitals if none exist.
Post Office Services: Establish a post office for better communication and services.
Petrol Bunk Access: Ensure petrol bunks are available for better transportation support.
