Analysis

Population Growth Rate: 45.4%

Population Density: 6575.0

Area Suitability: Overcrowded

Literacy Score: 56.0

Schools Needed: 6

Hospitals Needed: 0 hospital(s) (current: 0)

Infrastructure Score: 0.0

Sustainability Index: No

Community Score: 0

Healthcare Score: 0

Healthcare Access Rating: poor

Post Office Availability: No

Petrol Bunks Accessibility: 0 bunk(s)

Recommendations

Infrastructure: Pave roads, Supply electricity for 12+ hours, Ensure water pipeline connectivity to all homes, Add street lighting, Consider developing a lake, Build a temple for cultural significance

Education: Build schools, Improve literacy programs

Healthcare: Improve healthcare facilities like medicine stores, Build a hospital

Sustainability: Adopt renewable energy strategies, Increase green cover to 20%, Implement daily waste management
Community: Build parks, Build playgrounds
Economic Growth: Establish a local market, Establish banks/ATMs, Set up petrol bunks for economic activity
Transportation: Establish public transport like bus bay and buses
Connectivity: Improve mobile network connectivity by installing cell towers, Establish a post office
Sanitation: Ensure daily sanitation using sanitation vehicles
Healthcare Facilities: Improve healthcare facilities by building hospitals if none exist.
Post Office Services: Establish a post office for better communication and services.
Petrol Bunk Access: Ensure petrol bunks are available for better transportation support.
